

Interested in learning about careers in podiatric medicine in a hands-on setting? Check out these Podiatric Medicine Internship Programs to #DiscoverPodiatricMedicine in 2018:

It's time to start planning for the 2018 Internships programs now. Review the requirements for an Internship Program to make certain you meet the minimum criteria to apply. Also, discover which program might offer you the best location, dates and length of programming.

Here's a run-down of opportunities:

**SAMUEL
MERRITT
UNIVERSITY**

California School of Podiatric Medicine's Podiatry Experience: Summer Enrichment Workshop July 25-27, 2018 (Application Deadline is May 15, 2018)

The CSPM is proud to sponsor a three-day podiatry workshop that provides participants with an opportunity to explore the profession of Podiatric Medicine and Surgery. During the Podiatry Experience workshop, students will have a hands-on clinical day learning how to cast and suture, and sports medicine taping techniques. Additionally, they have an invaluable learning experience and opportunity to explore the profession of Podiatry, shadow faculty and students in a variety of clinical settings, and participate in organized lectures covering the correlation between podiatric medicine and basic sciences. Students are also offered a MCAT workshop, learn about the CSPM Admission process, Financial Aid, and Scholarships.

Questions regarding the "CSPM Podiatry Experience: Summer Enrichment Workshop," should be directed to the California School of Podiatric Medicine by calling 510-869-6789. A sample of the 2016 Workshop Itinerary can be found here: <http://samuelmerritt.edu/cspmexperience>.

**Kent State University College of Podiatric Medicine Pre-Professional Internship
2018 Dates TBD**

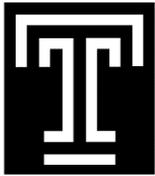

The Pre-Professional Internship Program at KSUCPM is designed to provide insight into the many facets of podiatric medicine and the education involved with obtaining a Doctor of Podiatric Medicine degree. The three-day internship allows students the opportunity to shadow podiatrists in a clinical setting at the Cleveland Foot and Ankle Clinic and shadow podiatrists in a private practice setting. Additionally, students will observe CPM classes, take part in podiatric-themed workshops and meet with alumni and current CPM students. Dates for 2018 will be announced in January 2018. For more information, click the 2016 [Pre-Professional Internship brochure](#) and [Sample Schedule](#).

New York College of Podiatric Medicine Pre-Health Student Internship Program June 12-14, 2018 and July 17-19, 2018 (Application Deadline is May 1, 2018)

With two opportunities per year, students can find out what the New York College of Podiatric Medicine is all about. Experience life as an NYCPM student during one of our Pre-Health Student Internship Programs. These four-day opportunities in New York City will, not only provide you with a memorable experience, but our program is designed to give college students a solid overview of podiatric medicine and NYCPM.

Interns will participate in the following activities: Attend a seminar presented by a DPM, participate in a hands-on suturing workshop, sit-in on a preclinical science class, and attend a hands-on lower extremity anatomy demonstration. Participants will also shadow in the Foot Center of New York and see cases involving: Orthopedics, Vascular Clinics, Podopediatrics, Surgery, Radiology, Diabetic Foot Care, Geriatric Foot Care, and Physical Therapy. For more information, students can call 212-410-8051 or click on the [NYCPM Internship Page](#).

Temple University School of Podiatric Medicine Summer and Winter Internship Programs: January 2-5, 2018 and June 8-15, 2018 (Application Deadline is November 24, 2017 and April 27, 2018)

TUSPM offers a free, four-day winter internship program (WIP) in January, or an eight-day summer internship program (SIP) in June for undergraduate students. Interns attend workshops and seminars on podiatric medicine, as well as shadow and work with podiatric physicians in hospital, private practice, and outpatient clinic settings. A TUSPM student doctor will also work with interns on a case presentation. Topics covered during the program include: gross anatomy of the foot and ankle; introduction to podiatric medicine; biomechanics and pathomechanics of the foot and ankle; foot screening and evaluation; diabetes; sports injuries; geriatric conditions; pediatrics; surgery and wound healing. To inquire about TUSPM's 2018 Internship Program, please call 215-625-5451. For fees and anticipated student expenses, check out the TUSPM [brochure](#) from the 2017 programs.
