The California School of Podiatric Medicine (CSPM) was founded in 1914 as the California School of Chiropody. The name was later changed to the California College of Podiatric Medicine (CCPM). In July 2002 CCPM merged with Samuel Merritt University and the name was changed to CSPM. CSPM is known for its hands-on early approach to clinical education. Clinical rotations begin at the start of the second academic year in late May to early June.

During the summer months, second year students begin to participate in clinical rotations, which cover mechanical orthopedics, radiology, general and primary podiatric medicine. The majority of the third year and the entire fourth year are devoted to clinical rotations at inpatient and outpatient facilities, community practice clerkships, and outside clerkships at affiliated Bay Area medical centers and throughout the United States. The educational program leading to the Doctor of Podiatric Medicine degree consists of a comprehensive curriculum in the basic medical and clinical sciences. The didactic course work is completed during the first three years of the program. Demonstrating academic excellence in podiatric medical education for nearly a century, CSPM offers a number of advantages to students.

MISSION STATEMENT:
The California School of Podiatric Medicine is committed to provide excellent podiatric medical education across the spectrum of healthcare delivery, meaningful community service, and innovative research.

VISION STATEMENT:
To achieve this mission we will treat everyone with compassion and respect, work cooperatively and inter-professionally, hold ourselves to the highest levels of ethical conduct, continuously strive to improve our performance, and manage our resources prudently.

VALUES STATEMENT:
We are committed to:

- Advocate and maintain a culture of dignity, compassion and respect.
- Promote diversity in scholarship, service and research.
- Utilize a multi-disciplinary approach to education, research and health care delivery.
- Provide podiatric care and treatment to the underserved.
- Encourage and support scholarly activity and research.
- Foster the principles of lifelong, self-directed learning.
Baccalaureate degree preferred: Yes

Acceptable minimum number of semester hours: 90
Quarter unit hours: 135

Accepts advanced placement (AP) credits: Yes

Academic preparedness of 2014 entering class:
Baccalaureate: 46 # of students applied: 452
Masters: 2 # of students matriculated: 48
Ph.D. or other doctorate: 0

Preparation extras:
The California School of Podiatric Medicine accepts a maximum of 60 community college credits.

Advanced placement credits are accepted for prerequisite coursework; however, the student must prove they can be successful in upper division science courses.

In regards to letters of recommendation from a practicing podiatric physician, there is no maximum or minimum number of shadowing hours.

Advanced standing/transfer policy: Eligible students will not be considered beyond the first semester of year two. Must have a minimum cumulative GPA of 3.00, cannot have received any failing grades or be in jeopardy of receiving failing grades at the prior podiatric medicine or other medical school, or have a record of disciplinary proceedings. The student’s first year curriculum must parallel CSPM’s first year curriculum to be considered for advanced standing beyond the first year.

• PRACTICE MANAGEMENT CLUB (PMC)
• JOURNAL CLUB
• STUDENT BODY ASSOCIATION

INTERNATIONAL STUDENTS

All international applicants (including Canadian citizens) have special requirements. Please contact the Office of Admission for details (admission@samuelmerritt.edu). International applicants are strongly encouraged to observe the priority deadline of April 1st; obtaining a student visa can take up to three months. All foreign academic transcripts must be evaluated by a U.S. evaluation service that is a member of the National Association of Credential Evaluations Services (NACES) for degree, course content, semester unit equivalencies, and science and cumulative GPAs prior to the application deadline. Information on NACES may found at www.naces.org

International students whose primary language is not English must submit scores from the Test of English as a Foreign Language (TOEFL). If the TOEFL is required, a minimum internet based test (iBT) score of 100 must be achieved and official scores must be provided. In addition, applicants must take the Test of Spoken English (TSE).

FINANCIAL AID AND SCHOLARSHIP INFORMATION

At Samuel Merritt University, we are committed to help make your podiatric medical education possible. Your education is an important investment in your career and personal growth. The Financial Aid staff will explain the options that make the cost of attending CSPM manageable for you. Through a financial aid award consisting of loans, scholarships, and work study programs, we are able to assist over 90% of our students with the cost of attendance. The Financial Aid Office at Samuel Merritt University is committed to providing you with access to financial aid resources and information that will enable you to pursue your educational, personal, and professional goals of becoming a podiatric physician. The Federal Direct Unsubsidized, Federal Direct Graduate Plus, and the Health Professional Student Loans are available to assist with cost of tuition, fees and living expenses.

All accepted students are considered for our Regent’s, President’s, and Dean’s scholarships. Awarding of these scholarships is based on a “scholarship score” that is determined by the admission office at the time of application. All three scholarships are renewable based on maintaining academic achievement while in school. In addition, continuing students may compete for numerous DPM-specific scholarships during their subsequent years in the program. During the 2012/2013 school year, CSPM awarded $850,201.00 in scholarships to the podiatric medical students.

Additionally, we know today’s students are interested in not only cost and financial aid, but also on their Return on Investment (ROI).
Here are some particular strengths you can expect from your CSPM investment and education:

- 91% of the last five graduating classes found employment in their field within 6 months after completion of their residency
- Graduating students most often cite the overall education received, as well as the faculty, as top reasons for recommending CSPM to others
- Of the past five graduating classes surveyed, the students rated themselves as being “well prepared” in their clinical competencies

## Tuition
