GENERAL INFORMATION

Kent State University College of Podiatric Medicine (KSUCPM) has grown throughout the years to become one of the most highly reputable, internationally respected medical institutions in the world. From the college’s cutting-edge and advanced technologies, to innovative laboratories and classrooms, KSUCPM offers students a superior, modern, educational environment.

We are a close-knit, dedicated learning community with one goal: Everyone – administrators, faculty, staff and fellow students – is here to help our students succeed. Our college is working to be the leading edge of modern podiatric medicine – evolving the profession and promoting changes in perceptions, instruction and practice. From the college’s cutting-edge and advanced technology, to innovative laboratories and classrooms, the Kent State University College of Podiatric Medicine offers students a superior, modern, educational environment. Students who graduate from Kent State University College of Podiatric Medicine find themselves at the forefront of the podiatric medical profession.

KSUCPM operates the Cleveland Foot and Ankle Clinic, which serves as the teaching clinic for our students. The Cleveland Foot and Ankle Clinic has multiple locations throughout the Northeast Ohio region. Students are able to see a variety of cases while treating a diverse patient population. In addition to the Cleveland Foot and Ankle Clinic, KSUCPM students may have the opportunity to rotate through various Cleveland-area hospitals, including the Cleveland Clinic, University Hospitals, Louis Stokes Cleveland VA Medical Center, Akron General and Metro Health.

MISSION STATEMENT:
The mission of Kent State University College of Podiatric Medicine is to educate students to be highly competent doctors of podiatric medicine who will excel in residency training.

INTERNATIONAL STUDENTS

International students attending an institution outside the United States are required to have their academic transcripts submitted and evaluated through World Education Services to meet base requirements. KSUCPM also requires International applicants to show proficiency in the English language. If English is not the applicant’s primary language, and they have not attended an accredited US undergraduate institution, they are required to take the TOEFL (Test of English as a Foreign Language) with acceptable scores.
